C.K Lighting the Way with an Exciting Range of New Products

C.K is set to extend its successful lighting range, with a fantastic selection of innovative new products, including a range of high performance site lights and head torches, that offer a host of advanced features and benefits, including the very latest in LED lighting technology. This includes: The **C.K T9613 Head Torch**, a feature packed, powerful LED head torch, available in a USB Rechargeable model or battery operated option; and the **C.K T9735USB 10W Rechargeable LED Site Light**, one of the most powerful compact site lights on the market.

Great Features and Benefits

- **C.K T9613 LED Head Torch & T9613USB Rechargeable Head Torch.** Available in either a rechargeable or battery operated version, this powerful head torch, features a 270 Lumen output, has a choice of 7 lighting modes and a run time of up to 9 hours. Other features include: An 80° tilt ability; a 90m beam distance; and a motion sensor that allows for a quick and convenient way to turn the head torch on and off, with just the wave of a hand. The C.K Head Torch is also comfortable to wear, thanks to its lightweight and durable construction.
- **C.K T9735USB 10W Rechargeable LED Site Light.** One of the most compact site lights available, this powerful rechargeable site light offers a 700 Lumen output, 2 lighting modes and a run time of up to 4 hours. This premium quality site light can be focused at any angle, thanks to its full 360° tilt mechanism, with the option to mount on a tripod, or a variety of metallic surfaces via a magnetic base. The site light can also act as a power bank, making it ideal for charging mobile phones etc.

Whatever the task in hand, the new C.K lighting products, are designed to offer trade professionals a great choice of innovative products that combine versatility with the quality and reliability they have come to expect of the C.K brand.
