Introducing The E-Box – Our Brand-New Environmental Noise Monitoring System

Castle's latest innovation has made complicated environmental noise monitoring a thing of the past. With live data streamed directly to thecastlecloud.com, solar panels and lithium battery options, the E-Box has all the bases covered with our 3 options available, The **LITE**, **POWER** and **LIVE**.

Castle's E-Box brings flexibility and intelligence like never before. Housed in a compact, lightweight and weatherproof casing. The E-Box is easily transported and deployed.

If you would like some advice on which model will suit you, give us a call on 01723 584 250 or email us at enquiries@castlegroup.co.uk.
