## **Fluke 179 Digital Multimeter now available with a FREE TLK225-1 SureGrip™ Master Accessory Set**

Until 31<sup>st</sup> December 2019 and while stocks last, Fluke is offering a DMM Safety Bundle consisting of a Fluke 179 Digital Multimeter (DMM) with a free Fluke TLK-225 SureGrip™ Master Accessory set of leads and connectors representing a discount of over 20% (manufacturer recommended prices) on the items purchased separately. Ideal for electrical and electro-mechanical applications, this Fluke 179/TLK225-1 offer and other Autumn Specials can be accessed via the Fluke home page at [www.fluke.co.uk](http://www.fluke.co.uk).

The Fluke 179 DMM is a full-featured, precision multimeter for the troubleshooting and repair of electrical and electronic systems. With a 1000V CAT III / 600V CAT IV safety rating, it measures voltages to 1000V AC/DC and currents to 10A AC/DC plus frequency, capacitance, resistance, continuity and diode measurements. It also features a built-in thermometer to measure temperature without having to carry a separate instrument. Productivity is increased with manual and automatic ranging, Display Hold, Auto Hold, and Min/Max/Avg recordings.

The Fluke TLK-225 SureGrip Master Accessory Set consists of 13 items, providing flexibility and comfort with all SureGrip leads and probes in a convenient six pocket, roll-up pouch. Rubber overmoulded surfaces and finger-hugging curves give the user a comfortable, reliable grip on the accessory so they can focus on making an accurate measurement.

Also included in Fluke's money saving Autumn Campaign are a Fluke T6-1000 Non-contact Voltage Tester kit; Fluke 2-pole Tester offers; Fluke 1663 / 1664 FC Multifunction Tester kits; Fluke 87V DMM with free current clamp and Accessories; as well as Fluke 1507 Insulation Resistance Testers and Fluke 561 IR and Contact Thermometers at special prices.

For more information about all Fluke products, please visit the Fluke web site at [www.fluke.co.uk](http://www.fluke.co.uk).

### **Notes:**

Fluke's mission is to be the world leader in compact, professional electronic test tools. The company's products are used by technicians and engineers in service, installation, maintenance, manufacturing test, and quality functions in a variety of industries throughout the world. Fluke, founded in 1948, currently has offices in 13 European countries and distributes its products to over

100 countries internationally. The company's European revenues contribute approximately 40% of worldwide sales.
