

## **New FM Modues for Pirana CMMS, the Complete Maintenance Software Solution,..... and it's affordable!**

The price of Pirana CMMS proves that organisations don't have to look to expensive and complex systems to meet maintenance goals. **The Resource Planner offers a Calendar view of Work Orders, Schedules, Shifts, Unavailability, Staff Suitability based on trades, Locations and working hours.**

**Plus, there is a new 'My Diary' feature enabling drag-and-drop options for work orders.**

[Pirana CMMS](#) is scalable with no hidden costs. It's so easy, it's possible to get started in minutes.

[Pirana Mobile PRO](#) is a set of mobile applications for Work Orders, on or off-line and will work on a variety of everyday devices as well as ruggedised, drop tested, submersible, IP67, ATEX compliant, integral barcode or RFID scanner.

Huge, savings on travel, admin, printing and phone charges are possible.
