NEW ALL BRAND CATALOGUE

400+ pages Packed with Industry Leading Brands

Manchester, UK, March 14, 2017– Wilkinson Star have launched a new all product catalogue featuring a range of products from Industry Leading Brands. For the very latest product information and technical data for JASIC multi process welding and cutting inverters, Starparts Torches, Consumables, PPE, Tecna spot welding equipment and balancers, Mosa engine driven welders, generating sets and lighting towers, G-TECH gas equipment, Fiac and Workhorse Air Compressors, spray guns and accessories, Custor hand tools, Standard power air tools and Exact pipe cutting systems and accessories.

The catalogue also features helpful user tips on, for example, air equipment consumption guides and easy selection of welding torch parts with full colour breakdown images.

Marketing Director, Tina Wilkinson-Bell comments; ' We are delighted to launch our new all product catalogue into the market; all designed and produced in-house by our Creative Team it will be a fantastic sales and reference point for customers as it includes our 20,000 product lines'
