With discounts of up to 54% at participating stockists, CKI is also making five new products*, two new tool kits** and three exclusive bundles available for a limited time only*** as part of the deal, rendering this the business' most standout Fusion promotion to date

Mark Raines, Head of Marketing at CKI, said: "With more than 200 years of industry expertise we understand the importance to our customers of having the right tools that they can trust, for the right job, at the right price. Fusion is our way of giving something back to the industry and ensure customers can either keep some funds back in their pocket or get more products for their budget – and you can't say fairer than that."
