

FOR IMMEDIATE RELEASE:

October 20, 2015

**FOR A LIMITED TIME, RECEIVE HIGH STREET SHOPPING VOUCHERS
WHEN YOU PURCHASE SELECTED ESAB PRODUCTS**

ESAB Welding & Cutting Products announces a limited-time promotion on the purchase of selected arc welding equipment and accessories, now until December 31, 2015 for customers in the UK. Receive a High Street shopping voucher in the “Power Up Your Shop with ESAB” promotion simply by purchasing from ESAB’s POWER LINEUP of solutions: Origo™ MIG/MAG, and TIG arc welding systems (Origo Mag C201, Mig C250, and Tig 3000i AC/DC and 4300i AC/DC), Caddy® Tig welders (2200i AC/DC TA33, TA34), and Aristo® tech HD helmet (with or without Eco Air PAPR combination). High Street shopping vouchers range from a £10 voucher for the purchase of an Aristo Tech HD helmet to an £85 voucher for the purchase of an Origo Tig 4300iw AC/DC system.

“These vouchers make it a great time to power up your workshop with leading-edge ESAB products that offer outstanding performance and reliability,” says Derek Harvey, ESAB Marketing and Aftersales Manager.

ESAB’s Origo compact MIG/MAG systems are ideal medium duty fabrication systems for welding mild and stainless steels and aluminium. Origo Tig AC/DC systems are suitable for demanding TIG applications, up to 430 Amps. The Caddy Tig 2200i AC/DC is a professional-level single-phase AC/DC TIG system, with a maximum output of 220 Amps and equipped with Power Factor Correction. The Aristo Tech HD auto darkening helmet provides best-in-class optical performance with a large 100 x 60 mm viewing area and new X-TIG mode which offers exceptional performance during low amp welding. The helmet is also offered with a Powered Air Purifying Respirator (PAPR) unit.

It’s easy to obtain your voucher; submit a completed form and original invoice(s) via mail, online, or e-mail. Go to www.esab.co.uk/poweruprebate to take advantage of this offer.

ESAB Welding & Cutting Products is a recognised leader in the welding and cutting industry. From time-honored processes in welding and cutting to revolutionary technologies in mechanised cutting and automation, ESAB’s welding filler metals, equipment, and accessories bring solutions to customers around the globe.
