

Agile New Fleet For Motivair

Agility Fleet secure Motivair Compressors Ltd.'s new fleet of vans. The new iconic Vauxhall Vivaro supplied completely rebranded, strengthens Motivair further with an agile, refined fleet to service their customers needs.

Motivair is the UK's largest independent compressed air management company with engineers strategically placed to provide national coverage. Motivair service, maintain and repair all brands of compressed air equipment around the whole of the UK, so having the right vehicles is very important.

The order for 39 vans is a major win for Agility Fleet in a highly competitive market and has shown their customer service ethos, industry knowledge and expertise within fleet industry, which has now secured the supply of their entire fleet of vehicles.

Motivair Associate Director, Darren Challis said "Agility Fleet has provided our company the opportunity to concentrate on what we are good at, which is Compressed Air and then knowing with confidence that our fleet is being managed by a company that I would say are the right size for us. Because of this, we feel that we are looked after personally and professionally by Agility."

Lee O'Connell, Sales Director of Agility Fleet said "We are delighted Motivair decided to renew their vans with us and place additional orders to service their clients. This is a great achievement for the team and demonstrates the hard work and customer centric approach Agility Fleet provide to our customers"
