

NEWS RELEASE

Brammer Buck & Hickman Opens New East Midlands Hub

Brammer Buck & Hickman, a Rubix company and the UK's leading supplier of industrial maintenance, repair and overhaul (MRO) products and services, has announced the opening of a new East Midlands Hub, formed from the merger of its Nottingham and Leicester branches into a larger, single, more accessible location.

The new East Midlands Hub, adjacent to East Midlands Airport, is considerably larger than either of the previous branches, enabling a wider range of stock to be held on site for instant customer access and choice. The location of the new premises - Unit 440 Air Cargo Centre, Argosy Road, East Midlands Airport, DE74 25A - is also beneficial, with easy access straight on to the M1, M42, A6 and A42 for maximum customer convenience.

One thing that won't be changing though, is the staff! All the staff - including all the sales teams and delivery and vending drivers - from both the Nottingham and Leicester branches will continue to serve customers in the same helpful, efficient and friendly manner as before.

Customers can continue to use all the same contact details as before, although a new telephone number, 01332 300825, is in operation, along with a new email address eastmidlands@bbh-rubix.com. Existing numbers and emails will be redirected and will continue to work.

“We are delighted to be able to better serve customers across the East Midlands, including the busy Nottingham and Leicester branches, with this new hub” comments Geoff Cox, Area Director, Rubix UK. “It enables us to provide our customers across the East Midlands region with an improved single source service. I'd like to thank all our colleagues who have worked so hard to make this move happen. We are open for business now and, when it's safe to do so, we will be celebrating with an open day for customers to get a tour of the new site and facilities. We are very much looking forward to seeing them.”

Brammer Buck & Hickman is a Rubix company, Europe's largest supplier of industrial

MRO products and services. For information on Rubix in the UK visit <https://uk.rubix.com/>

About Brammer Buck & Hickman

Brammer Buck & Hickman is the UK's leading technical specialist distributor of maintenance, repair and overhaul (MRO) products, as well as supplying multiple value-added services.

Branches across the breadth of the UK provide customers with quick and easy access to more than 5 million products, from bearings, power transmission and fluid power through to tools and health & safety products. This extensive product portfolio is underpinned by specialist engineering services as well as condition monitoring. At the heart of Brammer Buck & Hickman's service is a commitment to providing customers with cost savings through:

- reducing total acquisition costs
- improving production efficiency
- reducing working capital.

Brammer Buck & Hickman is part of the Rubix group, Europe's largest supplier of industrial MRO products and services.
