

## UNIGLOVES DOUBLES ITS PROTECTIVE GLOVE RANGE WITH THE LAUNCH OF NEW REUSABLE HAND PROTECTION SOLUTIONS

Hand protection specialist Unigloves has just launched a new range of industrial gloves and specialist electrical safety gloves.

This new range ensures truly comprehensive hand protection against all major risk categories, including chemical, cut, impact, thermal and electrical hazards.

“The ranges are a truly comprehensive addition to our existing single use protective gloves, enabling us to offer workers across all major industries enhanced hand protection against the major workplace hand hazards,” said Karen Cresswell, Sales Manager - Technical of Unigloves UK.

To find out more about the new Nitrex and Sibille glove ranges, visit [unigloves.co.uk](http://unigloves.co.uk), email [enquiries@unigloves.co.uk](mailto:enquiries@unigloves.co.uk) or call Unigloves on 0800 049 6602.
