

PRESS RELEASE

Snickers Workwear Climate Control - Baselayer Underwear

Dressing for the cold is like building a house – start with a good foundation.

The Snickers Workwear Baselayer clothing for professional tradesmen and women uses high-tech breathable fabrics for ventilation and body moisture transport for sustainable warmth and comfort.

The Base-, Mid- and Toplayer clothing combines to keep you working dry, warm and comfortable wherever you are on site. With sustainability at the forefront of Snickers Workwear's clothing philosophy, garments are available in recycled polyester and merino wool as well as the 37.5® technology ventilating fabric to suit different types of work in a variety of cold and wet weather conditions.

The cutting-edge AllroundWork, FLEXIWork and LITEwork designs and fabrics will keep you warm and dry - so you won't get cold, wet and shiver. All the garments are made from quick drying, fabrics that come with special ventilation features to control and regulate the heat from your body.

All in all, Snickers Workwear Baselayer clothing will give you the kind of warm, dry and fresh working comfort you wouldn't have thought possible. That's why Snickers Workwear is the brand of choice for working outside in the winter.

So, to make sure you get the right protection, visibility, flexibility, durability and ventilation, check out the Climate Control garments from Snickers Workwear that work together to suit your workday.

For more information on Snickers Workwear's sustainability philosophy and its Climate Control garments you can call the Helpline on 01484 854788; check out www.snickersworkwear.co.uk or email sales@hultaforsgroup.co.uk
